Cool RingTone Maker (**After**)

Now making your own Ring Tones is so easy - Your Grandma can do It!

How would you like to **make cell phone ring tones** for yourself, your friends, and your family?

One of the things you're going to love about **Cool RingTone Maker** is how easy it is to use. Unlike other ring tone software which is so complicated, you can make your ringtones with our software in just 5 easy steps.

And not only can you cut ringtones from **any type of music file** (MP3, WAV, MP4, etc.) but you can also make ring tones from **your favorite videos and movies!** It's fast and easy.

Imagine how **jealous** your friends will be when your phone rings and they hear *their* favorite music!

The price for all of this is only \$29.95. That's less than two Playstation games. And you know what? If you want, you can create ring tones for the people you know and **charge them a couple of bucks** for it! You will make your money back and put some money in your pocket! **Download Cool RingTone Maker now!**
